FEE FILER IS OPEN FOR PAYMENT OF FY 2017 REGULATORY FEES

FY 2017 REGULATORY FEES ARE DUE SEPTEMBER 26, 2017

On September 5, 2017, the Commission released *Assessment of Regulatory Fees for Fiscal Year (FY) 2017*, Report and Order and Further Notice of Proposed Rulemaking (*FY 2017 Regulatory Fees Report and Order*), available for viewing at <http://www.fcc.gov/regfees>. This Public Notice announces the opening of the Commission's automated filing and payment system (Fee Filer) for FY 2017 regulatory fees. While FY 2017 regulatory fees will not become effective until the rulemaking is published in the *Federal Register*, regulatees at their own discretion, may submit payments at any time before the effective due date of FY 2017 regulatory fees. Please note that **regulatory fee payments MUST BE RECEIVED by the Commission no later than 11:59 PM, Eastern Daylight Time, on September 26, 2017.**¹

Commission licensees and regulatees should consult the *2017 Regulatory Fees Report* for specific information concerning regulatory fee payment obligations, the regulatory fee process, and regulatory fee requirements for payment. The Commission also publishes industry-specific guidance in *Who Owes Fees & What Is My FY 2017 Fee*, which can be found on the Commission website at <http://www.fcc.gov/regfees>.

Section 9(c) of the Act requires the Commission to impose a late payment penalty of 25 percent of the unpaid amount to be assessed on the first day following the deadline for filing these fees.² Failure to pay regulatory fees and/or any late penalty will subject regulatees to sanctions, including those set forth in section 1.1910 of the Commission's rules,³ which generally requires the Commission to withhold action on "applications, including petitions for reconsideration, any application for review of a fee determination, or requests for authorization by any entity found to be delinquent in its debt to the Commission and in the Debt Collection Improvement Act of 1996

¹ Checks, money orders, and cashier's checks will not be accepted as means of payment for regulatory fees. As a result, it is the responsibility of licensees to make sure that their electronic payments are made timely and the transaction is completed by the due date.

² 47 U.S.C. § 159(c).

³ See 47 C.F.R. § 1.1910.

(DCIA).⁴ The Commission also assesses administrative processing charges on delinquent debts to recover additional costs incurred in processing and handling the debt pursuant to the DCIA and section 1.1940(d) of the Commission's rules.⁵ These administrative processing charges will be assessed on any delinquent regulatory fee, in addition to the 25 percent late charge penalty. In the case of partial payments (underpayments) of regulatory fees, the payor will be given credit for the amount paid, but if it is later determined that the fee paid is incorrect or not timely paid, then the 25 percent late charge penalty (and other charges and/or sanctions, as appropriate) will be assessed on the portion that is not paid in a timely manner.
